Dear Sirs :

Recently on the television show, "To Tell The Truth ", one of the men from your agency participated. One of the questions asked to him concerned the Grand Duchess Anastasia of Russia. The man answered that the real Anastasia had been found and recognized. Would you be able to send me any information on this subject, and if you can, please do so.

I became interested in Anastasia when my ninth grade Civics class began to study communism. I chose this subject for my term paper, and I would like to have recent material in it. I've read a few articles pertaining to the Grand Duchess, and I would really like to know if she is alive.

I realize that this information might not be sent, but I would appreciate it very much if you could send it to me.

I didn't see the program, but I am very interested in this certain subject, and I would like very much to receive some FACTUAL information.

Thank You .

Yours truly,

STATOTHR
